Australian Government
Attorney-General's Department
Office of Legislative Drafting and Publishing

This Gazette is published by the Office of Legislative Drafting and Publishing (OLDP) on behalf of the Commonwealth of Australia.

OLDP is a specialist professional drafter and the pre-eminent drafter of Commonwealth subordinate legislation.

OLDP strives to maintain and enhance its reputation as a centre of drafting excellence. OLDP produces legislative and administrative instruments of the highest standard through the innovative use of plain English, current technology and rigorous quality assurance procedures.

Through its responsibility for maintaining the Federal Register of Legislative Instruments (FRLI), OLDP plays an important role in the legislative process for Commonwealth legislative instruments.

OLDP prepares compilations of a range of Commonwealth legislation, arranges publication of Commonwealth legislation and legislative materials in hard copy form, and provides online access to Commonwealth legislation and legislative materials via the ComLaw (www.comlaw.gov.au) and the FRLI (www.frli.gov.au) websites.

OLDP's responsibilities

- drafting
- advising about drafting and interpreting instruments created under a statutory power
- maintaining the Federal Register of Legislative Instruments, registering legislative instruments and lodging registered instruments for tabling in Parliament
- preparing compilations of Acts and select legislative instruments

- providing ready public access to the law through ComLaw (www.comlaw.gov.au) and the Federal Register of Legislative instruments (www.frli.gov.au)
- ensuring that printed copies of Acts, select legislative instruments and related legislative material are available in 'as made' and compiled form

Other assistance

OLDP can provide advice on:

- the basis and role of delegated legislation and other instruments made under a statutory power
- the requirements and procedures for lodgment, registration, disallowance and sunseting of legislative instruments
- sound techniques for developing efficient drafting instructions (important for efficient achievement of your legislative program).

Other OLDP services

OLDP can provide a range of other services on a billable basis, including:

- arranging gazettal and tabling of other OLDP drafted non-legislative instruments.
- preparing compilations of legislative and non-legislative instruments

Proposals for two protection zones over submarine cables off Narrabeen and Tamarama/Clovelly beaches

The Australian Communications and Media Authority (ACMA) has developed proposals for protection zones over two submarine cables off Sydney beaches—the Australia Japan Cable (AJC) and the Southern Cross Cable (SCC). ACMA now invites public submissions about these proposals.

Under Schedule 3A of the *Telecommunications Act 1997*, ACMA has the authority to declare protection zones within Australian waters over existing or proposed submarine cables of national significance. The AJC and SCC have been identified as being nationally significant.

Location and dimensions of the proposed protection zones

The proposed protection zones will extend one nautical mile either side of the AJC, and one nautical mile either side of the SCC. The zones will commence at the low-water mark, and finish at a point corresponding to a water depth of 2,000 metres. Detailed information and maps of the two proposed protection zones are located on the ACMA website (www.acma.gov.au).

Activities to be prohibited in both protection zones

Within both protection zones, ACMA proposes to prohibit the following activities that involve a serious risk of damaging the AJC or the SCC (hereafter, 'the Cable'):

1. the use of, or towing, operating, or suspending from a ship:
 - a. trawl gear that is designed to work at or near the seabed (for example, a demersal trawl);
 - b. a mid-water trawl;
 - c. a Danish seine;
 - d. a dredge;
 - e. any type of net, rope, chain, or any other thing used in fishing operations (other than for demersal line-fishing operations) that is capable of contacting the seabed in the water depth in which it is deployed;
 - f. a structure moored to the seabed with the primary function of attracting fish for capture (for example, a fish aggregating device);
2. establishing or maintaining a spoil ground;
3. bottoming or attempting to bottom a submarine vessel;
4. scuttling or attempting to scuttle a ship; and
5. the use or disposal of explosive devices or military ordnance.

Activities to be restricted in both protection zones

Within both protection zones, ACMA proposes to impose the following restrictions on activities that involve a risk of damaging the AJC and SCC:

1. harvesting the benthos may not be carried out in waters beyond 500 metres from the low-water mark;
2. the use of, or towing, operating, or suspending from a ship:
 - (i) a pot or trap; or
 - (ii) a net anchored to the seabed and kept upright by floats (for example, a demersal gillnet);may not be carried out in waters beyond 500 metres from the low-water mark;
3. the use of, or towing, operating, or suspending from a ship a fishing line that is designed to catch fish at or near the seabed (for example a demersal line) may not be carried out:
 - (i) in the course of commercial fishing;
 - (ii) in fishing operations using wire line; or
 - (iii) in waters beyond 500 metres from the low-water mark, except when using circular hooks (of any size) or J-hooks with a gape of 16 millimetres or less (that is, size 4/0 and below);
4. the use of, or towing, operating, or suspending from a ship a grapnel or other cable installation, maintenance, or repair devices may not be carried out other than by, or on behalf of, cable owners for the purposes of installing, maintaining, or repairing submarine cables;
5. exploring for or exploiting resources (other than marine species) may not be carried out unless:
 - (i) the activity does not, or is not likely to, involve physical contact with the seabed (other than in the installation of pipelines);
 - (ii) the activity does not, or is not likely to, cause any subsidence of the seabed; and
 - (iii) the entity responsible for seismic survey work has consulted with the Cable owner to accurately identify the physical location of the Cable so that any seismic work in waters less than 200 metres deep is not conducted closer than 500 metres from the Cable's submerged plant items;
6. (a) installing an electricity cable, an oil or gas pipeline, any like cables or pipelines, and any associated equipment may not be carried out unless:
 - (i) the entity responsible for installing the new cable or pipeline has provided the Cable owner with reasonable notice of the activities to be undertaken;
 - (ii) the entity responsible for installing the new cable or pipeline has consulted with the Cable owner to accurately identify the physical location of those submarine cables in the vicinity of the planned installation;
 - (iii) the activity occurs in a manner that does not, and is not likely to, damage or impede the efficient operation, maintenance, or repair of the Cable;

- (iv) the path across the protection zone followed by the new cable or pipeline is minimised to the greatest extent practicable; and
 - (v) the new cable or pipeline does not approach or cross the Cable any closer than 500 metres from the Cable's submerged plant items (as determined following consultation with the Cable owner);
- (b) maintaining or removing an electricity cable, an oil or gas pipeline, any like cables or pipelines, and any associated equipment may not be carried out unless:
- (i) the entity responsible for maintaining or removing the installation has provided the Cable owner with reasonable notice of the activities to be undertaken; and
 - (ii) the activity occurs in a manner that does not, and is not likely to, damage or impede the efficient operation, maintenance, or repair of the Cable;
7. (a) constructing or removing a navigational aid, an installation for the use of ships, or civil engineering work, may not be carried out unless:
- (i) the entity responsible for constructing or removing the navigational aid, installation or civil engineering work has consulted with the Cable owner to provide reasonable notice and details of the activities to be undertaken, and to accurately identify the physical location of the Cable; and
 - (ii) the activity occurs in a manner that does not, or is not likely to, damage or impede the efficient operation, maintenance, or repair of the Cable;
- (b) maintaining a navigational aid, an installation for the use of ships, or civil engineering work, may not be carried out unless that maintenance occurs in a manner that does not, and is not likely to, damage or impede the efficient operation, maintenance, or repair of the Cable.

Restricted activities specific to the protection zone off Narrabeen Beach

Within the protection zone off Narrabeen Beach, ACMA proposes to impose the following restrictions on activities that involve a risk of damaging the AJC and SCC:

- 8. lowering, raising or suspending an anchor from a ship may not be carried out beyond 500 metres from the low-water mark, except in waters within 200 metres in any direction of the following point: 33°43.085'S, 151°19.444'E (WGS84) (a submerged historic wreck known as 'The Dee Why Wreck'), provided the location of the submerged wreck is identified using appropriate depth sounders.

Restricted activities specific to the protection zone off Tamarama/Clovelly beaches

Within the protection zone off Tamarama/Clovelly beaches, ACMA proposes to impose the following restrictions on activities that involve a risk of damaging the AJC and SCC:

- 9. lowering, raising or suspending an anchor from a ship may not be carried out beyond 500 metres from the low-water mark, except in waters within 200 metres in any direction of the following point: 33°58.76'S, 151°21.65'E (WGS84) (a submerged seamount known as 'The Peak'), provided the location of the seamount is identified using appropriate depth sounders.

OPINION ON CATEGORY OF BROADCASTING SERVICE

FOXTEL Cable Television Pty Limited (the applicant) has made an application to the Australian Communications and Media Authority (the ACMA) under s. 21 of the *Broadcasting Services Act 1992* (the Act) for an opinion as to the category of broadcasting service into which each of its FOXTEL Box Office services fall.

In forming its opinion, the ACMA has taken into account information provided by the applicant in its application received by the ACMA on 9 December 2005 and other information known to the ACMA. The ACMA has also taken into account further information provided by FOXTEL on request from the ACMA, which was received on 16 January 2006 and 27 January 2006.

The proposed services have the following features:

- they feature individual movies; and
- they are near video on demand (NVOD), meaning that individual movies are offered on services at intervals ranging from 30 to 120 minutes throughout the day, resulting in subscribers having access a wider choice of viewing times.

Notwithstanding that the streams are packaged and made available in a coordinated fashion, the ACMA regards each video stream as a separate service. This opinion only covers the 27 services outlined in the applicant's proposal. Any additional streams of programming, even if they have the same or similar content, are not covered by this opinion.

This opinion is given having regard to the criteria set down in ss. 17 and 22 of the Act. It is the opinion of the ACMA that the services fall within the **subscription narrowcasting** category of service.

In reaching this opinion, the ACMA concludes that each of the services will be made available only on payment of subscription fees [s.17(b)].

The ACMA finds that reception of the services is not limited for any of the following reasons:

- by being targeted to special interest groups [paragraph 17(a)(i)]; or
- by being intended only for limited locations, such as arenas or business premises [paragraph 17(a)(ii)]; or
- by being provided during a limited period or to cover a special event [paragraph 17(a)(iii)]; or

by providing programs of limited appeal [paragraph 17(a)(iv)].

Nevertheless, the ACMA also finds that:

- compared to the total possible viewing audience, only a small number of people receive or are able to receive each of the services [subsection 22(b)];
- access to the services is restricted [subsection 22(c)] because:
 - (i) subscribers require both a set top box and a smart card and are required to book movies individually via a digital remote control or by calling FOXTEL on a specified number; and
 - (ii) except for the five minutes of each movie screened on the services, the movies are subject to a further layer of encryption which is decrypted only when a subscriber chooses to order a particular movie available from the services; and
 - (iii) ordering a particular movie is subject to an additional subscription fee;
- the duration of each of the services is limited such that each payment of a subscription fee entitles a subscriber to view a particular movie for a set period of 24 hours [subsection 22(d)]; and
- each service will only carry one movie, which will be replayed a number of times over the 24 hour period in which the viewer has access [subsection 22(g)].

Taken together, these factors lead the ACMA to conclude that the reception of the services is limited.

There are no relevant determinations or clarifications under section 19 of the Act in relation to subscription narrowcasting services.

Subsection 21(5) of the Act provides that, if the ACMA has given an opinion under this section to the provider of a broadcasting service, neither the ACMA nor any other Government agency may, while the circumstances relating to the broadcasting service remain substantially the same as those advised to the ACMA in relation to the application for the opinion:

- take any action against the provider of the service during a period of 5 years commencing on the day on which the opinion is given on the basis that the service falls into a different category, or different categories, of broadcasting service than that advised in the opinion; or
- unless the ACMA has made a determination or clarification under s. 19 of the Act after the opinion was given that places the broadcasting service in a different category or different categories – take any action against the provider of the service after the end of that period on the basis that the service falls into a different category, or different categories, of broadcasting service.

NOTICE OF APPLICATION FOR CONSENT TO THE ALTERATION OF ELIGIBILITY RULES OF AN ORGANISATION (D 2006/66)

NOTICE is given that an application has been received under Schedule 1 of the *Workplace Relations Act 1996* for consent to an alteration of the eligibility rules of the **Finance Sector Union of Australia**.

A copy of the application has been published on the website of the Australian Industrial Relations Commission at:
<http://www.airc.gov.au> (under *Organisations* click *Gazette Notices*).

Alternatively, a copy of the application may be obtained on request from the Australian Industrial Registry. Requests should be directed to Mr Andrew Schultz, Australian Industrial Registry, GPO Box 1994, Melbourne, Victoria 3001 (Fax: (03) 9654 6672 or E-mail: andrew.schultz@air.gov.au).

Information contained in the application and supporting documents concerning the proposed alteration, the reason for the proposal and the effect of the proposal is as follows:

Particulars of the proposed alteration

The proposed alteration to the FSU's eligibility rule is to amend current Rule 5 (*Conditions of Eligibility for Membership*) in the following manner:

1. Amend Rule 5.9.3 by deleting the full stop at the end of that Rule and inserting in place of it a semi colon (;) followed by the word "and".
2. Make a new Rule 5.9.4 as follows:

"5.9.4 such other persons, whether or not employees in the industries of the Union, who are employed as one of the four FSU National Directors and appointed as such."

Reason for the proposed alteration

The FSU completed a substantial restructure in 2005. This restructure included the creation of four (non elected) FSU National Director positions within the Union's Rules.

The four FSU National Directors will be the senior managers employed by the FSU to oversee the implementation of the Union's plans.

The current wording of the FSU's eligibility rule (*Rule 5 – Conditions of Eligibility for Membership*) means that the individuals appointed as FSU National Directors will not be eligible to join the FSU.

The FSU believes that the individuals appointed as FSU National Directors should be eligible to join the FSU.

Therefore the FSU seeks to alter *Rule 5 – Conditions of Eligibility for Membership* to enable the individuals appointed as FSU National Directors to be eligible to join the FSU.

Effect of the proposed alteration

The effect of the proposed rule alteration would be to enable those appointed as FSU National Directors to be eligible to join the FSU.

Any interested organisation registered under the *Workplace Relations Act 1996*, association or person who desires to object to the application may do so by lodging in the Industrial Registry, marked to the attention of Mr Andrew Schultz, a notice of objection within thirty-five (35) days after the publication of this advertisement and by serving on the organisation, whose address for service is:

NOTICE OF APPLICATION RECEIVED UNDER THE *HAZARDOUS WASTE (REGULATION OF EXPORTS AND IMPORTS) ACT 1989*

Pursuant to Section 33 of the *Hazardous Waste (Regulation of Exports and Imports) Act 1989*, notice is given that an application has been received from SteriCorp Limited, 34 Cahill Street, Dandenong South Victoria, to export up to 180,000kg of waste solids containing toxic liquid not otherwise specified (N.O.S) from Transpacific Technical Services, 16-30 Neals Road, East Tamaki, Auckland, New Zealand to SteriCorp Limited, 110 Doherty Road, Laverton, Victoria, Australia for final disposal.

The waste would be disposed of by high temperature incineration.

The waste would be packed in UN approved 200 litre steel drums within 20 foot international shipping containers. Sharps are to be contained in Australian/New Zealand Standard compliant sharp containers before placement in the steel drums. Containers are to be transported by road and loaded onto a ship at either the Port of Wellington, New Zealand or the Port of Auckland, New Zealand to be offloaded at the Port of Melbourne, Australia. From there they will be transported by road to the disposal facility.

The import would take place in eighteen (18) shipments over twelve months commencing from the date of the permit, if granted.

MINISTER FOR THE ENVIRONMENT AND HERITAGE

FUEL QUALITY STANDARDS ACT 2000

GRANT OF APPROVAL - SECTION 13

I, Ian Gordon Campbell, Minister for the Environment and Heritage, pursuant to section 13 of the *Fuel Quality Standards Act 2000* (the Act), having consulted with the Fuel Standards Consultative Committee as required by section 24A of the Act, hereby grant an approval to the organisation listed below:

Caltex Refineries (Qld) Ltd

This approval varies the fuel standard for automotive diesel set out in the *Fuel Standard (Automotive Diesel) Determination 2001* (the Determination) to allow the supply of diesel fuel that has been certified to a minimum *Cetane Number* of 46 instead of a minimum *Cetane Index* of 46.

Approval is granted subject to the conditions specified in Section 17 of the Act and in Annexure 1 of this Approval.

The approval is granted for the period from the date of this approval until 30 June 2008.

Dated 26 / 7 / 2006

A handwritten signature in black ink, appearing to read 'Ian Campbell'.

Minister for the Environment and Heritage

Annexure 1

Conditions of Approval

1. This approval applies only to diesel that is compliant in all respects with the *Fuel Standard (Automotive Diesel) Determination 2001* other than for Cetane Index.
2. Diesel subject to this approval must have a minimum Cetane Index of 43.
3. No more than 600mg/kg of cetane improver may be added to the fuel.
4. Prior to supplying this fuel to the market, Caltex Refineries (Qld) Ltd must provide evidence to the Department of the Environment and Heritage of the relationship between the Cetane Index of its diesel fuel and the Cetane Number of the same fuel containing cetane improving additives. This evidence should be based on testing undertaken using a cetane test engine (ASTM D613) or IQT method to ASTM D6890, and should identify the Cetane Number of different blends (minimum Cetane Index of 43) with a range of concentrations of ignition improver (up to 600 mg/kg).

MINISTER FOR THE ENVIRONMENT AND HERITAGE

NOTICE UNDER SECTION 17A OF THE *FUEL QUALITY STANDARDS ACT 2000* CONCERNING A DECISION UNDER SECTION 13 OF THAT ACT TO GRANT AN APPROVAL FOR A VARIATION OF THE FUEL STANDARD (AUTOMOTIVE DIESEL) DETERMINATION 2001

I, Ian Gordon Campbell, Minister for the Environment and Heritage, provide the following information concerning my decision to grant approvals under section 13 of the *Fuel Quality Standards Act 2000*.

Name of approval holders

An approval has been granted to Caltex Refineries (Qld) Ltd.

Period of operation

The period of operation of the approval is from the date of the approval until 30 June 2008.

Details of the Approval

This approval varies the fuel standard for diesel under the *Fuel Standard (Automotive Diesel) Determination 2001* with regard to the supply of diesel fuel that has been certified to a minimum Cetane Number of 46 rather than a minimum Cetane Index of 46.

A copy of the relevant approval instrument is attached to this Notice.

Background

Section 15 of the Act provides that the Minister must have regard to the following when deciding whether or not to grant an approval:

- (a) the protection of the environment;
- (b) the protection of occupational and public health and safety;
- (c) the interests of consumers; and
- (d) the impact on economic and regional development.

I may also have regard to any other matters I consider relevant.

Section 24A of the Act provides that I must consult, and have regard to, the recommendations of the Fuel Standards Consultative Committee before granting an approval under section 13. Before signing the instrument granting the approval, I had regard to the recommendation of the Committee at its meeting of 24 May 2006.

Findings on material questions of fact

(a) The protection of the environment

There is some evidence that particulate emissions from an ignition-improved fuel may be higher than that from an unaltered fuel. Caltex Refineries (Qld) Ltd have proposed to add only concentrations of ignition improver up to a maximum of 600 mg/kg, which the Fuel Standards Consultative Committee considers a safe level. Maintaining this limit is a condition of the approval.

(b) The protection of occupational and public health and safety

The addition of ignition improvers to diesel fuel is common practice and in the concentrations proposed by Caltex Refineries (Qld) Ltd it is unlikely there will be any additional threat to occupational or public health and safety.

(c) The interests of consumers

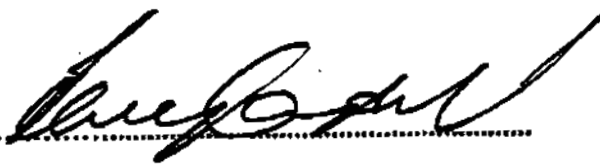

Fuel with a Cetane Number of 46 will have substantially the same ignition properties as fuel with a Cetane Index of 46. Operation of vehicle engines should be similar when using diesel from the Caltex Refineries (Qld) Ltd with cetane improving additives, or other brands of diesel. There should be not impact on consumers.

(d) The impact on economic and regional development

There do not appear to be any economic implications from this approval.

Reason for decision

It is not expected that there will be any significant effects on the environment or on any other relevant matters incurred by the granting of this approval.

MINISTER FOR THE ENVIRONMENT AND HERITAGE

FUEL QUALITY STANDARDS ACT 2000

GRANT OF APPROVAL - SECTION 13

I, Ian Gordon Campbell, Minister for the Environment and Heritage, pursuant to section 13 of the *Fuel Quality Standards Act 2000* (the Act), having consulted with the Fuel Standards Consultative Committee as required by section 24A of the Act, hereby grant an approval to the organisations listed below:

1. BSA Motorcycle Owners Association Inc
2. Pitstop Motorcycles ABN 45 558 763 229

This approval varies the fuel standard for petrol set out in the *Fuel Standard (Petrol) Determination 2001* (the Determination) in respect of the use by the approval holders so that petrol with a lead content of more than 0.005g/L will be taken to comply with the lead parameter specified in the Determination.

Approval is granted subject to the conditions specified in section 17 of the Act and Annexure 1 of this approval.

The approval is granted for the period from the date of this approval until 31 December 2006.

Dated  13th 2006

.....

Minister for the Environment and Heritage

Annexure 1

This approval is subject to the following conditions:

- 1. BSA Motorcycle Owners Association Inc must enter into a co-management agreement in relation to the supply of leaded petrol with the Department of the Environment and Heritage and at the request of the Secretary to the Department of the Environment and Heritage, or any person authorised by him, return to the Department any issued or unissued leaded racing fuel passbooks.**
- 2. Pitstop Motorcycles will only be issued with one passbook, and will be limited to 200 litres per purchase (one purchase per day) once every seven days.**
- 3. Pitstop Motorcycles must abide by the conditions for the use of a leaded fuel passbook and return the passbook to the Department of the Environment and Heritage when it is full or when requested to do so.**

Interpretation

In these conditions:

“leaded petrol” means petrol containing more than 0.005g/L of lead

“passbook” means a leaded racing fuel passbook that has been provided by the Department of the Environment and Heritage

**MINISTER FOR THE ENVIRONMENT AND HERITAGE****NOTICE UNDER SECTION 17A OF THE *FUEL QUALITY STANDARDS ACT 2000* CONCERNING A DECISION UNDER SECTION 13 OF THAT ACT TO GRANT AN APPROVAL FOR A VARIATION OF THE *FUEL STANDARD (PETROL) DETERMINATION 2001***

I, Ian Gordon Campbell, Minister for the Environment and Heritage, provide the following information concerning my decision to grant an approval under section 13 of the *Fuel Quality Standards Act 2000* (the Act).

Name of approval holder

Approvals has been granted to the following businesses:

1. BSA Motorcycle Owners Association Inc
2. Pitstop Motorcycles ABN 45 558 763 229

Period of operation

The period of operation of the approval is the date of the approval until 31 December 2006.

Details of the approved variation of the fuel standard

In respect of petrol supplied to the holders of the approval or a regulated person, this approval varies the *Fuel Standard (Petrol) Determination 2001* (the Determination) so that petrol with a lead content of more than 0.005gm/L of lead complies with the lead specification for petrol in the Determination.

Copies of the relevant Approval Instrument are attached to this Notice.

Background

The businesses listed on the Approval Instrument require access to leaded fuel for the purposes of tuning and testing select vehicles.

Section 15 of the Act provides that I must have regard to the following when deciding whether or not to grant an approval:

- (a) the protection of the environment;
- (b) the protection of occupational and public health and safety;
- (c) the interests of consumers; and
- (d) the impact on economic and regional development.

I may also have regard to any other matters I consider relevant.

Section 24A of the Act provides that I must consult, and have regard to, the recommendations of the Fuel Standards Consultative Committee (the Committee) before granting an approval under section 13. The Committee considered these applications at its meeting on 24 May 2006 and I had regard to the recommendation made by the Committee before signing the instrument granting the approval.

Findings on material questions of fact

(a) Protection of the environment

I do not expect that significant environmental issues will be raised by these approvals.

Pitstop Motorcycles will only be issued with one passbook, and will be limited to 200 litres per purchase (one purchase per day) once every seven days.

(b) Protection of occupational and public health and safety

I do not expect that significant occupational and public health and safety issues will be raised by this application.

(c) Interests of consumers

An approval can be granted under Section 13 of the Act and the note on this clause in the *Fuel Quality Standards Bill 2000 Revised Explanatory Memorandum* states that this provision is intended to cater to situations such as where a motor sports organisation applies for an approval to supply non-compliant fuel on behalf of teams participating in an organised motor racing event. Race engine builders and tuners also currently require access to leaded fuel.

(d) Impact on economic and regional development

Motor and water sport activities can contribute towards stimulating local economic and regional development.

Evidence or other material on which the findings were based

The approval applications and the recommendation of the Committee dated 30 June 2006.

Reasons for decision

The amount of leaded fuel that will be used by the approval applicants will be minimal.

The granting of this approval will not have a significant impact on the environment.

Schedule

A Working Party of the Australian Health Ethics Committee (AHEC), a principal committee of the NHMRC, has developed this public consultation draft in response to a request in August 2004 from the Organ Donation Working Group of the Australian Health Ministers' Advisory Council for AHEC to review the NHMRC's Recommendations for the Donation of Cadaveric Organs and Tissue for Transplantation (1996).

The draft document outlines ethical principles for health professionals involved in organ and tissue donation by living donors, and provides guidance about how these principles can be put into practice.

When finalised, these guidelines are intended to remain in force until they are revised or rescinded by the NHMRC.

NOTICE OF ADDENDA

Ruling Number	Subject	Brief Description
TD 2004/53	Income tax: consolidation tax cost setting rules: are distributions paid up a chain of entities sourced from profits in a lower-tier entity that did not accrue to the joined group added at step 3 of the entry allocable cost amount of the higher-tier entity?	This Addendum amends TD 2004/53 to reflect the repeal of paragraph 705-90(6)(b) of the <i>Income Tax Assessment Act 1997</i> by the <i>Tax Laws Amendment (2004 Measures No. 7) Act 2005</i> (41 of 2005), by deleting references to the repealed paragraph and correcting references to renumbered paragraph 705-90(6)(a) (now subsection 705-90(6)). An incorrectly numbered reference to an example is also corrected.
TD 2004/55	Income tax: consolidation tax cost setting rules: step 3 of the allocable cost amount: is the 'retained profits' amount referred to in subsection 705-90(2) of the <i>Income Tax Assessment Act 1997</i> a cumulative retained profits balance?	This Addendum amends TD 2004/55 to reflect the repeal of paragraph 705-90(6)(b) of the <i>Income Tax Assessment Act 1997</i> by the <i>Tax Laws Amendment (2004 Measures No. 7) Act 2005</i> (41 of 2005) by deleting references to the repealed paragraph and correcting references to renumbered paragraph 705-90(6)(a) (now subsection 705-90(6)).
TD 2004/59	Income tax: consolidation tax cost setting rules: how do you work out the amount subtracted at step 5 of the allocable cost amount where the loss taken into account under subsection 705-100(1) of the <i>Income Tax Assessment Act 1997</i> has also reduced the step 3 amount?	This Addendum amends TD 2004/59 to reflect the repeal of paragraph 705-90(6)(b) of the <i>Income Tax Assessment Act 1997</i> by the <i>Tax Laws Amendment (2004 Measures No. 7) Act 2005</i> (41 of 2005) by deleting references to the repealed paragraph and correcting references to renumbered paragraph 705-90(6)(a) (now subsection 705-90(6)).
TD 2004/62	Income tax: consolidation tax cost setting rules: how does subsection 701-30(2) of the <i>Income Tax (Transitional Provisions) Act 1997</i> modify the step 3 amount under section 705-90 of the <i>Income Tax Assessment Act 1997</i> ?	This Addendum amends TD 2004/62 to reflect the repeal of paragraph 705-90(6)(b) of the <i>Income Tax Assessment Act 1997</i> by the <i>Tax Laws Amendment (2004 Measures No. 7) Act 2005</i> (41 of 2005) by deleting references to the repealed paragraph and correcting references to renumbered paragraph 705-90(6)(a) (now subsection 705-90(6)). In addition, a sentence that described the operation of the repealed provision has been deleted.

Notice varying conditions on Authorisation to carry on insurance business

Insurance Act 1973

TO: Employers Mutual Limited ABN 67 000 006 486 (the general insurer)
Level 6, 14 Martin Place, Sydney 2000

SINCE

- A. APRA issued to the general insurer an Authorisation to carry on insurance business in Australia under subsection 12(1) of the *Insurance Act 1973* (the Act), on 2 July 2002 (the Authorisation); and
- B. the Authorisation is subject to conditions;

I, Stephen Edward Glenfield, a delegate of APRA, under paragraph 13(1)(b) of the Act, VARY those conditions imposed on the Authorisation in the manner set out in the Schedule attached to this Notice.

Dated 7 August 2006

[Signed]

Stephen Edward Glenfield
A/g Executive General Manager
Specialised Institutions Division

Interpretation

In this Notice

APRA means the Australian Prudential Regulation Authority.

insurance business has the meaning given in section 3 of the Act.

prudential standard has the meaning given in section 3 of the Act.

Note 1 Under subsection 13(1) of the Act, APRA may, at any time, by written notice to the general insurer impose conditions or additional conditions or vary or revoke conditions imposed on the insurer's authorisation under section 12 of the Act. The conditions must relate to prudential matters.

Note 2 Under subsection 13(2) of the Act, a condition may be expressed to have effect despite anything in the prudential standards.

Note 3 Under subsection 13(4) of the Act, if APRA varies conditions on a general insurer's authorisation, APRA must give written notice to the insurer and ensure that notice that the action has been taken is published in the *Gazette*.

Note 4 Under subsection 14(1) of the Act, a general insurer commits an offence if:

- (a) the insurer does an act or fails to do an act; and
- (b) doing the act or failing to do the act results in a contravention of a condition of the insurer's authorisation under section 12 of the Act; and
- (c) there is no determination in force under subsection 7(1) of the Act, that subsection 14(1) of the Act does not apply to the insurer.

The maximum penalty is 300 penalty units. Under subsection 14(1A) of the Act, where an individual commits an offence against subsection 14(1) of the Act, because of Part 2.4 of the *Criminal Code* or commits an offence under Part 2.4 of the *Criminal Code* in relation to an offence against subsection 14(1) of the Act, the individual is punishable, on conviction, by a fine not exceeding 60 penalty units. Under subsection 14(2) of the Act, an offence against section 14 of the Act, is an offence of strict liability.

Schedule - the conditions which are being varied

The existing condition(s) which are to be varied:

Except with APRA's written consent, the company may only issue or renew a contract of insurance where the contract provides public and/or product liability insurance to an industry association, institute, board or other recognised industry body or group and the insureds named under the contract comprise persons who are engaged in the business or activity stated in the policy schedule to the contract.

The condition(s) as varied are:

1. The general insurer must not issue policies of insurance other than policies that meet the following criteria:
 - (i) the policies are issued in respect of public and/or product liability for schemes;
 - (ii) the business has been sourced through an appropriate conduit;
 - (iii) there are common occupations or business descriptions applicable to each individual scheme;
 - (iv) at the time of entering into the scheme, the projected annual premium revenue for the proposed scheme does not exceed 25% of the general insurer's total premium revenue for the preceding financial year as disclosed in the item "Total Premium Revenue" in APRA's annual return form GRF 310.0 (or any form amending or replacing form GRF 310.0 from time to time) and
 - (v) the general insurer has, prior to the commencement of the scheme, provided APRA with a copy of a resolution of its Board of Directors certifying the matters in paragraph (iv).

Interpretation

In this Schedule:

appropriate conduit means:

- (i) an intermediary (or intermediaries); or
- (ii) an underwriting agency,

holding an Australian financial services licence under the *Corporations Act 2001*.

scheme means an underwriting programme for policies issued to independent insureds that are interrelated by common characteristics such as business activities, professional or shared elements.

underwriting agency means an entity that has a written agreement with the general insurer giving the entity authority to assume liability on behalf of the general insurer.

Approval to hold the transferring business of a financial sector company

Financial Sector (Shareholdings) Act 1998

TO: Australian Unity Investment Bonds Limited ACN 087 649 072 (the receiving body)
114 Albert Road
SOUTH MELBOURNE VICTORIA 3205

SINCE:

- A. The receiving body and Grand United Friendly Society Limited ACN 087 648 726 (the transferring body) are financial sector companies within the meaning of the *Financial Sector (Shareholdings) Act 1998* (FSSA);
- B. 40% of the gross assets and liabilities of the transferring body are to be transferred to the receiving body as a voluntary transfer of business under the *Financial Sector (Transfers of Business) Act 1999* (FSTOBA);
- C. The receiving body has applied to the Treasurer under section 13A of the FSSA to hold the transferring business; and
- D. I am satisfied that it is in the national interest to approve the receiving body holding the transferring business,

I, Stephen Edward Glenfield, a delegate of the Treasurer, under subsection 14(1) of the Act, APPROVE the receiving body holding the transferring business.

This approval has effect from the date it is signed and remains in force indefinitely.

Dated 28 June 2006

[Signed]

Stephen Glenfield
General Manager

Specialised Institutions Division

Note 1 Regulation 6 of the Financial Sector (Transfers of Business) Regulations 1999 provides that, for the purposes of subsection 43(4) of the FSTOBA, the provisions of the FSSA apply in relation to a transfer of business as if section 13A were inserted after section 13 of the FSSA. Section 13A provides that a financial sector company to which more than 15 per cent of the gross assets and liabilities of another financial sector company are transferred under the FSTBA must apply to the Treasurer for approval as if the transferring business were a separate financial sector company.

Notice of name change of authorised deposit-taking institution

Banking Act 1959

I, Stephen Edward Glenfield, a delegate of APRA, under paragraph 9B(1)(b) of the *Banking Act 1959* (the Act), am satisfied that NM Rothschild & Sons (Australia) Limited ABN 32 008 458 366, which holds an authority under section 9 of the Act (the Authority), has changed its name to Investec Australia Limited ABN 32 008 458 366.

Under subsection 9B(3) of the Act, the Authority is taken to have effect, after publication of this Notice in the *Gazette*, as if it had been granted to Investec Australia Limited.

Dated 7 August 2006

[Signed]
Stephen Edward Glenfield
Acting Executive General Manager
Specialised Institutions Division

Interpretation

In this Notice

APRA means the Australian Prudential Regulation Authority.

COMMONWEALTH OF AUSTRALIA

Public Service Act 1999

Determination under Section 61: Secretaries' remuneration

I, JOHN WINSTON HOWARD, Prime Minister, under section 61 of the *Public Service Act 1999*, having taken advice from the Remuneration Tribunal, determine that:

1. In this Determination, the Determination of 6 October 2001 as amended is referred to as the Principal Determination.
2. The amendments to the Principal Determination made by this Determination take effect on the date of gazettal of this Determination.
3. Secretaries, being the holders of offices specified in the first column of the attached Schedule, shall be eligible for Base Salary and Total Remuneration in the amounts specified in the second and third columns, respectively.
4. Clause 6.1 of the Principal Determination is omitted and replaced by the following:
 - 6.1 Where a Secretary is terminated in accordance with the provisions of sub-section 59(1) of the *Public Service Act 1999* and the Commonwealth has not made the Secretary an offer of suitable alternative employment, the Secretary shall be entitled upon his or her termination to be paid:
 - (a) three months' Base Salary; or
 - (b) one-third of one month's Base Salary for each full month of the balance of the term not served, subject to a maximum payment of 12 months' Base Salary calculated at the date of his or her termination

whichever is the greater.

5. Clause 6.3 of the Principal Determination is omitted and replaced by the following:

PART 6A – NOTICE OF A DECISION NOT TO RE-APPOINT

- 6A.1 A Secretary who is not given three months' notice that he or she will not be re-appointed to the position at the expiration of his or her term shall be paid three months' Base Salary unless the Commonwealth has made the Secretary an offer of suitable alternative employment.
- 6A.2 In determining whether, for the purpose of clause 6A.1, an offer of suitable alternative employment has been made, regard is to be had to any offer of employment of the kind described in clause 6.2.
6. Clauses 7.12 to 7.14 are omitted and replaced by the following:
- 7.12 A Secretary who did not live in the locality of the Australian Capital Territory immediately before the commencement of his or her term of appointment as Secretary is entitled to accommodation support of an amount per week equal to \$25,000 per annum for the duration of his or her term and any subsequent term as Secretary if he or she:

| <p>(d) the place has outstanding heritage value to the nation because of the place's importance in demonstrating the principal characteristics of:</p> <p>(i) a class of Australia's natural or cultural places; or</p> <p>(ii) a class of Australia's natural or cultural environments.</p> | <p>Rippon Lea is important as a surviving example of a large late nineteenth century private suburban estate consisting of an urban mansion, a large garden, orchard and associated outbuildings (including the stable complex, the lodge, the conservatory and glasshouses, the fernery, the porte-cochere, the 1930s swimming pool, and the 1930s ballroom).</p> <p>The place has integrity as an uncommonly large and intact suburban estate. The mansion in the Victorian Italianate style has retained the essential architectural features of the style that include the asymmetrical massing and the prominent tower. Particular features of the mansion are the high degree of decoration in the external architecture and polychrome brickwork along with the internal joinery and finishes. The garden is a fine example of a late nineteenth century garden, acclaimed by numerous heritage garden experts. Its period qualities are expressed in its structure and layout with mature conifers, deciduous trees and eucalypts and garden plants that include historic cultivars, along with an array of major features such as the mount, the lookout tower, the lake, waterfalls, the lake foot bridge, the entrance gates, the archery house, the fernery, the serpentine driveway and the watering system. The fernery (shade house) is distinguished for its large size, curved plan and form of construction.</p> <p>Rippon Lea has high integrity as a late 19th Century estate and for this reason might reach threshold.</p> |
| <p>(g) the place has outstanding heritage value to the nation because of the place's strong or special association with a particular community or cultural group for social, cultural or spiritual reasons.</p> | <p>Rippon Lea has a strong association with the National Trust community which has undertaken major conservation works and re-established historic cultivars in the garden. It is important for its association with the Melbourne community and has been publicly accessible for over 30 years. It has been selected as a setting for films and documentaries because of the high degree of integrity of the historic buildings and garden.</p> |
