8. LPMA must ensure the pyrotechnic display is conducted as per the scuttling plan. All 28 pyrotechnic units must be removed as part of the post scuttling activities.
9. The person engaged to manage the deployment and detonation of explosives (including pyrotechnics) used in the placement of the *Ex-HMAS Adelaide*, must hold a current shotfirers permit.
10. LPMA must undertake visual reconnaissance of the placement area using binoculars from the shot firing vessel and by a spotter aircraft before and during the placement phase to ensure the exclusion zone of 1000 metres is clear of all unauthorised people or boats. The initial exclusion zone must be maintained until such time as the *Ex-HMAS Adelaide* is checked for non-detonated explosives and declared safe. Any unauthorised people or boats not essential to the scuttling straying into the exclusion zone are to be requested to clear and/or be escorted to the exclusion zone boundary. Scuttling charges are not to be detonated if any unauthorised people or boats are within the exclusion zone.
11. 15. LPMA must undertake visual footage of the scuttling, including video reconnaissance of the placement location, and sea surface, immediately after placement, to detect the presence, or confirm the absence, of any visible pollution or debris, such as oil slicks or floating material. Any material left floating after the placement operation must be retrieved prior to access by recreational divers.

  - (e) verification from an independent observer, agreed by the Department, of the highest point of the vessel (as specified in Condition 17) prior to the exclusion zone being removed;
  - (f) details of the inspection dive (as specified in Condition 18) including whether any items were removed or hazards rectified;
  - (g) confirming the removal of all pyrotechnics equipment from the vessel (as specified in condition 9);
  - (h) the position and description of the cardinal mark and any other visual indicators (e.g. buoys and/or lights) marking the wreck;

23. LPMA must implement the Long Term Management and Monitoring Plan (LTMMP) for the *Ex-HMAS Adelaide* following the scuttling of the vessel. The results of the LTMMP must be published on the *Ex-HMAS Adelaide's* website ([www.hmasadelaide.nsw.gov.au](http://www.hmasadelaide.nsw.gov.au)) within 1 month of the completion of sampling for the life of the LTMMP.

24. LPMA may submit for the Minister's approval a revised version of the LTMMP specified under Condition 23. If the Minister approves such a revised LTMMP, that LTMMP must be implemented in place of the LTMMP as originally approved.
25. If the Minister believes that it is necessary or desirable for the better protection of the environment to do so, the Minister may request LPMA to make specified revisions to the LTMMP and submit the revised LTMMP for the Minister's approval. If the Minister approves a revised LTMMP pursuant to this condition, the LPMA must implement that LTMMP instead of the LTMMP as originally approved.
26. A review of the LTMMP must be undertaken within five years of scuttling with the revised version submitted to the Minister for approval. A revised LTMMP must not be implemented until it is approved by the Minister. If the Minister approves a revised LTMMP pursuant to this condition, the LPMA must implement that LTMMP instead of the LTMMP as originally approved.

#### **Compliance of all Parties engaged in dumping activities**

27. LPMA must ensure that all persons engaged in the placement activities under this permit, including the owner(s) and person(s) in charge of the vessel, comply with this permit and the requirements of the Act.

#### **Access for Observers**

28. LPMA must allow at least two Australian Government nominees access to witness, inspect, examine or audit any part of the operations, including any placement or monitoring activity, the vessel or any other equipment, or any documented records, and are to be provided with any necessary assistance in carrying out their duties.

#### **Auditing**

Some public notifications on the Internet and in the Gazette relating to the processing of referrals for approval under Chapter 4 of the *Environment Protection and Biodiversity Conservation Act 1999* may occasionally be missed in processing by the Department of the Environment, Water, Heritage and the Arts, or may not meet timeframes for notification. The Department of the Environment, Water, Heritage and the Arts has implemented systems and ongoing quality assurance procedures to minimise any risk of missing a notification within the required timeframe. Where a missed notification is identified the practice will be to notify these even though the timeframe for notification has lapsed. This will ensure that the history of notifications for each referral is available to the public. The Department of the Environment, Water, Heritage and the Arts regrets any inconvenience that may be caused by a missed notification. *Note 1* Under paragraph 16(2)(a) of the Act, the Treasurer may, by written notice given to a person who holds an Approval under section 14, impose one or more conditions or further conditions to which the Approval is subject. ### Finding in relation to continuation inquiry

#### Public notice under Part XVB of the *Customs Act 1901*

The Australian Customs and Border Protection Service (Customs and Border Protection) has completed its inquiry into whether the expiration of the anti-dumping measures applying to polyvinyl chloride homopolymer resin (PVC) exported to Australia from the Republic of Korea (Korea) would lead, or would be likely to lead, to a continuation of, or a recurrence of, the dumping and the material injury that the measures are intended to prevent. Recommendations resulting from that inquiry, reasons for the recommendations and material findings of fact and law in relation to the inquiry are contained in Trade Measures Report No 151 (referred to in this notice as "REP 151").

I, BRENDAN O'CONNOR, Minister for Home Affairs, have considered REP 151 and accepted the recommendations and reasons for the recommendations, including all material findings of fact or law set out in REP 151.

I hereby declare that I have decided to not take steps to secure the continuation of anti-dumping measures currently applying to PVC exported to Australia from Korea. These anti-dumping measures will expire on 23 March 2010.
