### NOTICE OF APPLICATION FOR RENEWAL OF LICENCE UNDER SECTION 90(2) OF THE *BROADCASTING SERVICES ACT 1992*

In accordance with sub-section 90(2) of the *Broadcasting Services Act 1992* (the Act), the Australian Communications and Media Authority (ACMA) hereby notifies that the companies listed below have lodged applications for the renewal of the following broadcasting service licences:

Community Radio Licensees	SL No	Service Area	State

Macarthur Community Radio Association Inc.	1150150	CAMBELLTOWN RA1	NSW
Yarra Valley FM Inc.	5185	YARRA VALLEY RA1	VIC

ACMA is required to renew these licences unless it decides that an applicant is no longer a suitable licensee. A company is a suitable licensee if ACMA does not decide that sub-section 83(2) of the Act applies to the company.

ACMA may decide that sub-section 83(2) of the Act applies to a licensee if it is satisfied that allowing the licensee to provide or continue to provide either a commercial or a community broadcasting service under a licence would lead to a significant risk of: (a) an offence against the Act or the regulations being committed; (b) or a breach of the conditions of the licence occurring.

In deciding whether these sub-sections apply, ACMA is required by sub-section 83(3) of the Act, to take into account: (a) the business record of the company; and (b) the company's record in situations requiring trust and candour; and (c) (commercial) the business record of each person who is, or would be, if a licence were allocated to the applicant, in a position to control the licence; or (community) the business record of the chief executive and each director and secretary of the applicant; and (d) the record in situations requiring trust and candour of each such person; and (e) whether the company, or a person referred to in paragraph (c) or (d), has been convicted of an offence against this Act or the regulations.

Under sub-section 91(2A) of the Act, ACMA may also refuse to renew a community broadcasting licence if, having regard to matters in paragraphs 84(2)(a) to (f), it considers that it would not allocate such a licence if it were deciding whether to allocate the licence to the licensee.

The Act does not require ACMA to hold an investigation or a hearing into whether a community licence should be renewed (sub-section 91(3)).

**AUSTRALIAN COMMUNICATIONS AND MEDIA AUTHORITY****NOTICE OF APPLICATION FOR RENEWAL OF LICENCE UNDER SECTION  
46(2) OF THE *BROADCASTING SERVICES ACT 1992***

The ACMA is required to renew these licences unless it decides that an applicant is no longer a suitable licensee. A company is a suitable licensee if the ACMA does not decide that sub-section 41(2) of the Act applies to the company.

The ACMA may decide that 41(2) of the Act applies to a licensee if it is satisfied that allowing the licensee to provide or continue to provide a commercial broadcasting service under a licence would lead to a significant risk of: (a) an offence against the Act or the regulations being committed; (b) or a breach of the conditions of the licence occurring.

In deciding whether the sub-section applies, the ACMA is required by sub-section 41(3) of the Act, to take into account: (a) the business record of the company; and (b) the company's record in situations requiring trust and candour; and (c) the business record of the chief executive and each director and secretary of the applicant; and (d) the record in situations requiring trust and candour of each such person; and (e) whether the company, or a person referred to in paragraph (c) or (d), has been convicted of an offence against this Act or the regulations.

Some public notifications on the Internet and in the Gazette relating to the processing of referrals for approval under Chapter 4 of the *Environment Protection and Biodiversity Conservation Act 1999* may occasionally be missed in processing by the Department of the Environment, Water, Heritage and the Arts, or may not meet timeframes for notification. The Department of the Environment, Water, Heritage and the Arts has implemented systems and ongoing quality assurance procedures to minimise any risk of missing a notification within the required timeframe. Where a missed notification is identified the practice will be to notify these even though the timeframe for notification has lapsed. This will ensure that the history of notifications for each referral is available to the public. The Department of the Environment, Water, Heritage and the Arts regrets any inconvenience that may be caused by a missed notification. Please note that late notifications have not affected subsequent processing of referrals or assessments and they do not affect decisions made.
